

Week 3 Reading Questions

October 4, 2024

1 Ross

- Was Ross' question a 'good' research question?
- Did Ross' article answer his question? Would another question have fitted his research better?
- What else could Ross have done to answer his research question?

2 Matthews

- Who was/wasn't interviewed? How might this have affected the results?
- How might the 'elite' nature of the interviewees have affected their answers to Matthews' questions?
- How reliable are the results? How would you improve the study? What other methods could have been used?
