

MENTORING **PATHWAYS**

Birkbeck's Mentoring Pathways gives final-year students the opportunity to engage in a mentoring relationship with alumni and corporate volunteers. These mentoring relationships provide students with guidance, advice and support as they navigate the steps to their future careers and professional development goals.

Mentors are drawn from our Birkbeck graduates and corporate partners working in a diverse range of professions and industries. Current organisations and partnerships include PwC, Arts Council England, Clifford Chance, Goldman Sachs and North Highland.
